

Concrete Core Cutter

SC-120

No water required!! Drilling without stain due to no cutting water!! Dry-type core drill

AC00818

Specification

Model No	Power Supply	Rated current	Max. output	No load speed	Max. bit dia	Size	Weight
SC-120	220V 50/60Hz	8A	760W	500~1,000min ⁻¹ (rpm)	120mm	87 x 365 x 150mm	3kg

(Note): Core Bit is to be purchased separately

SC-125

Super compact Core Drill!!

AC00811

SC-150

Reliability!! Basic Model

AC00812

Specification

Model No	Power Supply	Rated current	Max. output	No load speed	Max. bit dia	Stroke	Size	Weight
SC-125	220V	5A	1,020W	1,000min ⁻¹ (rpm)	120mm (160mm)	450mm	160 x 320 x 700mm	8.4kg
SC-150	220V	7A	1,780W	700min ⁻¹ (rpm)	6" (160mm)	-	232 x 395 x 412mm	10.3kg

(Note): Core Bit is to be purchased separately

Specification (Pole Base)

Model No	Stroke	Size	Weight
SB-491-810	507mm	177 x 217 x 810mm	7.5kg

Features

- Spring-loaded return handle
- Patented self-adjust clamp mechanism
- Patented water feed system rotates 360°
- Water feed cock can be connector either with general water hose or quick coupler
- Built-in clutch
- Spring-loaded water collector double insulated motor

Applications

- Core drilling in reinforced concrete for air-conditioning, telephone, electricity, water and gas supplies.
- Sampling of test pieces of concrete and asphalt
- Drilling of pilot hole for guard rail post, fence post and resin anchor
- Drilling in masonry, refractory brick, extrusion-molded cement plate and ceramics

3-Speed Diamond Core Drill

SC-200	
Nominal power (W)	2400
Load speed (1/min)	300/640/960
Length without handle (mm)	488
Weight without stand (kg)	11.9
Drilling ø in concrete	40-250
Approx. in drill stand	
Tool fixture	1 1/4" male+
	G 1/2" female

AC00813

12" Concrete Coring Machine

Stock Code	AC00814
Product model	SC-305
Concrete drilling range	~12" (~305) (mm)
Rated voltage	110/220 (v)
Rated frequency	50~60 (Hz)
Rated input power	4650 (w)
No-load speed	100-380/760 (rpm)

AC00814

SCW-26RE / 30RE

Most powerful electric power wall cutter.

SCW-26RE
AC00814
SCW-30RE
AC00815

Specification

Model No	Power Supply	Rated current	No load speed	Max. blade dia
SCW-26RE SCW-30RE	220V	10A	300/700min ⁻¹ (rpm)	30" (760mm)

Blade hole dia	Depth of cut	Motor	Size	Weight
35mm	290mm	DC	460 x 483 x (749~902)mm	38kg

SCC-305R

High power! The largest 12" blade in electric power handy type

AC00816

Specification

Model No	Power Supply	Rated current	No load speed	Max. blade dia
SCC-305R	220V	9.1A	3600min ⁻¹ (rpm)	12" (305mm)

Blade hole dia	Depth of cut	Size	Weight
25.4mm	100mm	250 x 578 x 318mm	8.9kg

Soft start switch reduces shocks in starting.

(Note): Diamond blade is to be purchased separately.
