

ACCESS PLATFORM

Bailey Ladderweld Access Platforms are designed for safe, easy and efficient use in warehousing, vehicle maintenance, mining, aviation and heavy industry workplaces

KEY FEATURES

SAFETY IN DESIGN

Super strong 'fully welded' design from heavy duty aluminium

Steel bracing under bottom tread and side bracing provides additional protection from impact damage

100mm deep treads improve safety and comfort when climbing

SAFETY AND COMPLIANCE

Made to AS/NZS 1892.1

200kg load rating

Industrial duty rating for use on commercial sites

Meets Work Cover requirements (safety gates + 900mm handrail, toeboard)

IMPROVED ASSEMBLY

Supplied as a 'flat pack' for optimal transporting

Standard size fasteners improve assembly time

SAFETY IN FUNCTIONALITY

Suited for 'high frequency' use

'Walk thru' design for stock picking and access to mezzanine floors, vehicle access and warehousing

Work from three (3) sides

Large 125mm wheels - improved portability and 'easy glide' action

Large stable work platform (safe and stable) 590 x 800 mm

Manually operated braking system with high-vis powder coated activation arm helps minimise unauthorised access

Two safety gates fitted (2 in 1 product allowing for walk-thru access)

Toe board on three sides (help secure tools and accessories)

Shelf included
